They're talking about bringing "Beauty & the Beast" to the screen. What do you think? The idea of going back to the classic Disney story is something that I've been wanting to do because I think it's going to be good for television. There's something about a classic fairy tale that's so universally understood that it can transport anyone. Beyond a certain age, I think fairy tales are really interesting because you know that at the end of the story there's going to be a happy ending and it's going to be okay. The good guy is going to win. But then you get to the second act of the story, and suddenly it's not all going to be okay. There's still going to be an evil guy around. It's going to be really interesting to bring back those two worlds and see what we can do with it and how we can do it. You're pretty big on fantasy. Do you have a favorite? I'm a big fantasy reader because I think fantasy has an edge to it. You're into a world that's full of possibilities. That's the great thing about the Disney princesses. They're fun and their stories are fun, but they're grounded. You know what the world is like. In a fantasy world, the rules are constantly changing. There are things going on out of my control. I'm in the middle of a story and
