INNOVATION AT ITS BEST

Shakun Industries is an ISO 9001:2015 certified company, delivering products with a promise of assured quality to its clients. With various technological advances, the company employs several levels of quality checks to ensure minimal rework and variation in all polyol master batches.

INDIA'S BEST POLYURETHANE POLYOL SYSTEM HOUSE

Established in 2001, Shakun Industries is arguably the most efficient polyurethane polyol manufacturer, catering to different foam sectors, such as rigid, flexible, integral, and elastomeric foams.

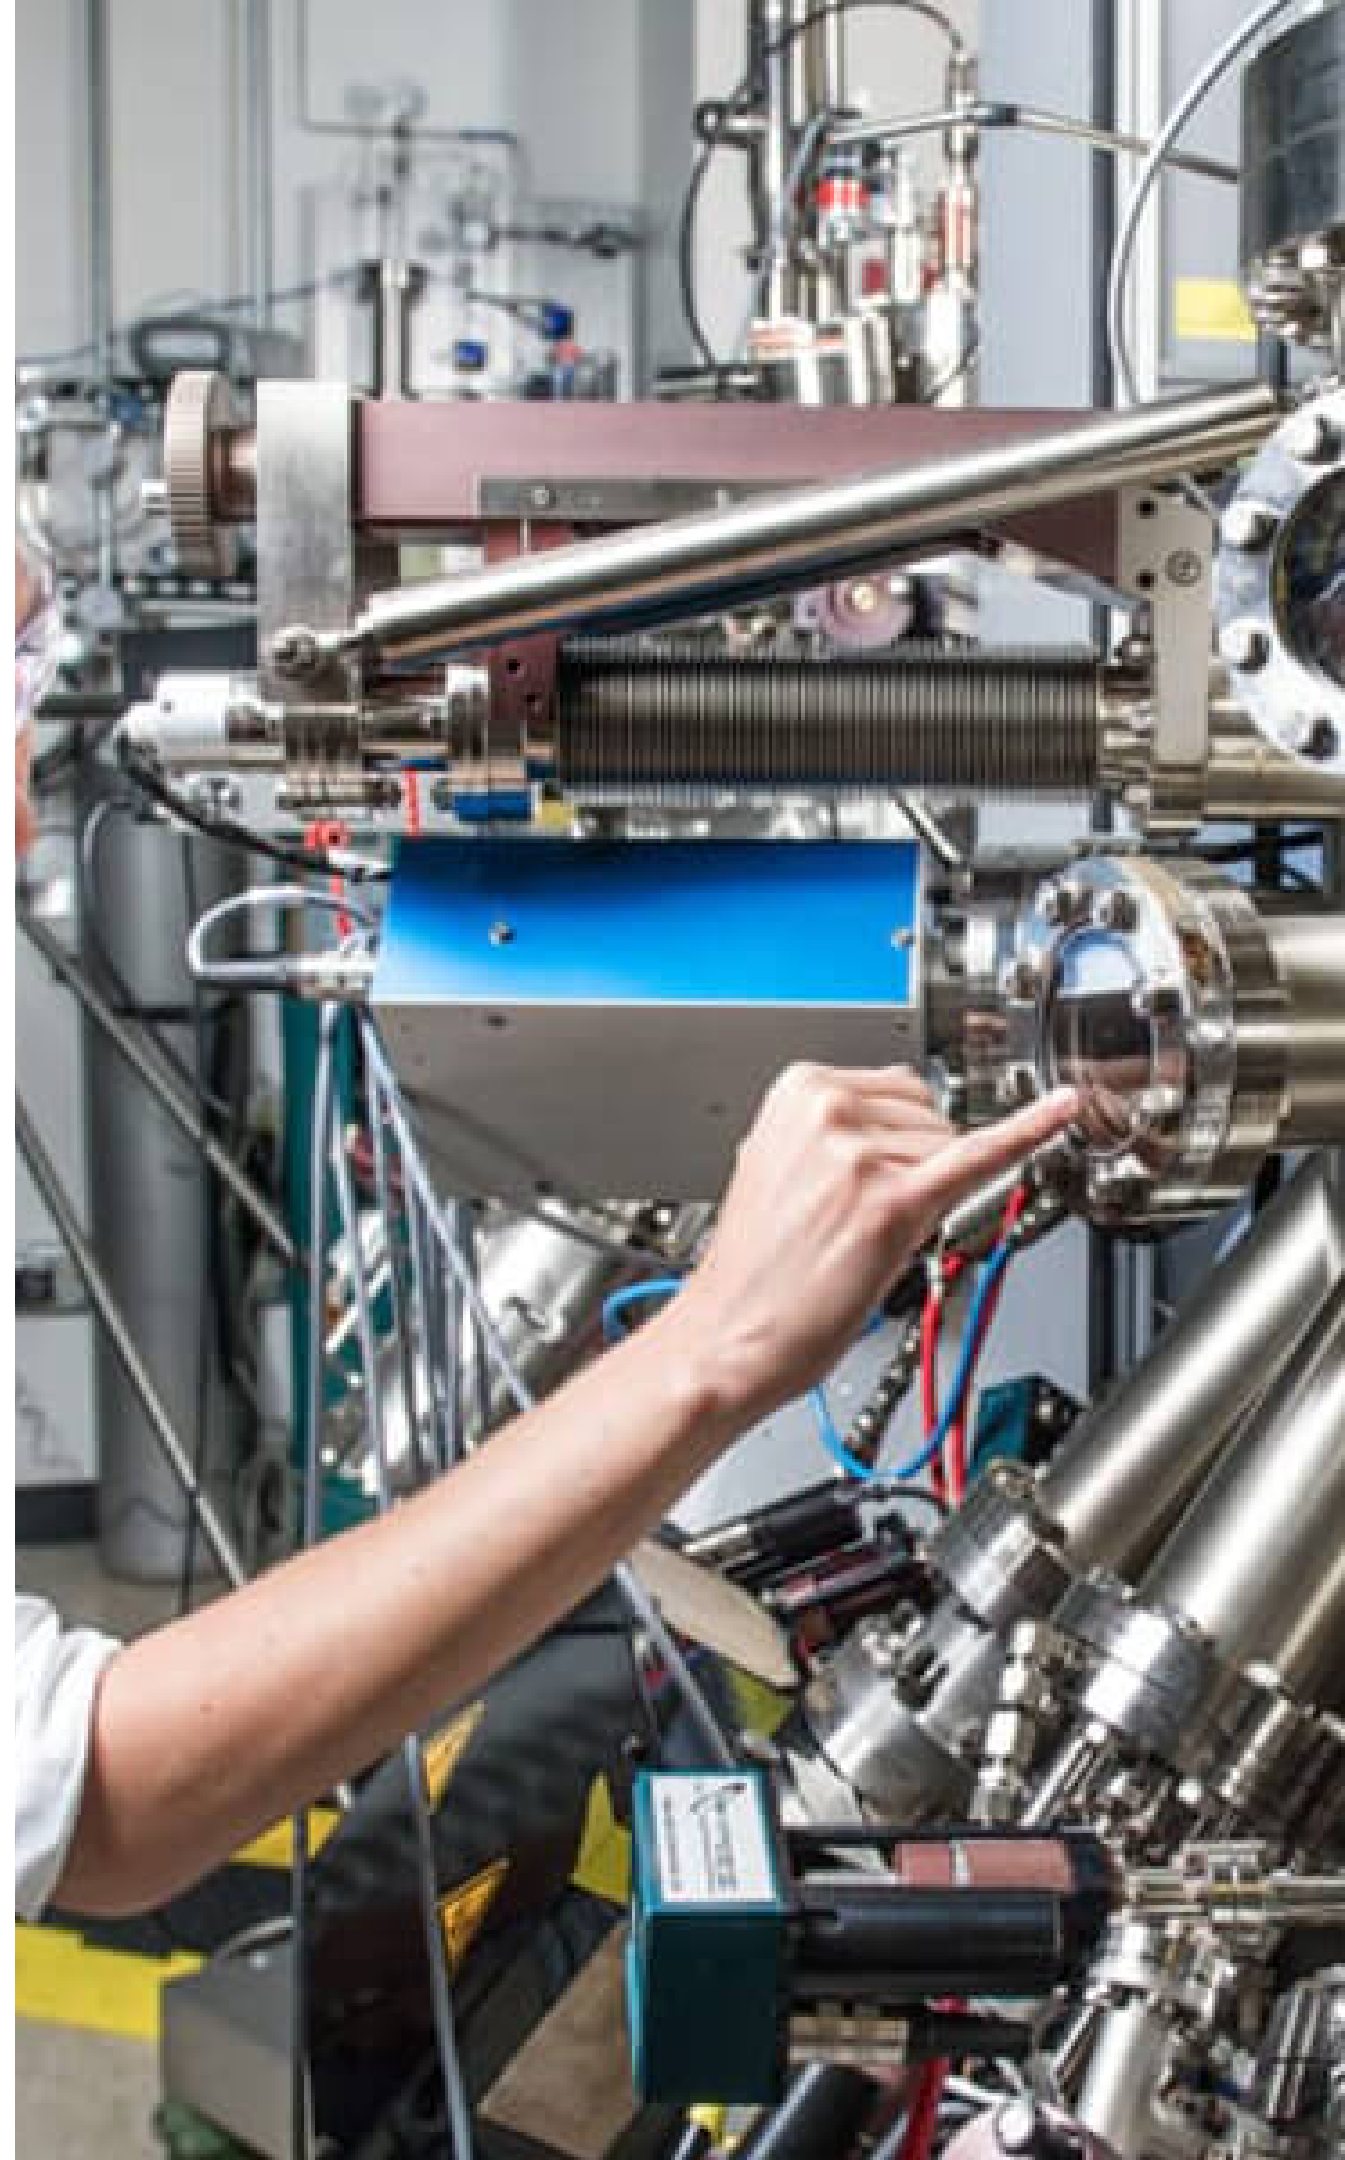

INNOVATION IS AN ONGOING PROCESS AT SHAKUN INDUSTRIES

The research and development team works day in and day out towards developing new polyurethane polyol grades and exploring the associated applications. Extensive research is done on the subject application. Suitable polyurethane polyols are developed with due diligence. Application prototypes are prepared at

ALWAYS FOLLOWING A CUSTOMER CENTRIC APPROACH FOR BUILDING LOYALTY AND TRUST

We understand each customer's pain points, applications, and exact requirements, and we deliver keeping all of that in mind.

Having a monthly production capacity of more than 250 metric tonnes

We have multiple chemical reaction kettles, which help us to maintain our operational efficiency during high demands. Consistent quality due to large production batches and multiple quality inspections. Efficient delivery schedules due to coherent production and sales
