MALO'O WATERPROOF BACKPACK

Malo'o innovative **waterproof backpack** was specifically invented to help adventurers like you keep your items safe and dry. The backpack's material consists of properties that make it impossible for water or any type of precipitation to penetrate and flow through the bag. That keeps all of your important gear, eatables, electronics, and other delicate items secure from getting damaged by water. The material is referred to as DryCore technology.

KEEP IMPORTANT ITEMS DRY WITH MALO'O WATERPROOF DUFFLE BAG

You should look into the features that the Malo'o **waterproof duffle bag** can offer you. Just like its other iteration of bags, the duffle bag is made with DryCore Technology as well. With this line of Malo'o roll-top duffle bags, you will no longer need to worry about finding a huge bag to keep all your gear. This duffle bag is also spacious enough to store a cacophony of items. These bags are so airtight that you can partake in activities such as kayaking, surfing, paddleboarding, fishing, canoeing, snowboarding, or outing anywhere near wetlands and snowy areas without a single worry.

WHAT MAKES MALO'O DRY BACKPACK SO SPECIAL?

Apart from the weight of the products you will be carrying, you need not worry about the added weight of the bag as it is quite lightweight. Moreover, the bag is made of materials that are quite durable. Plus they look quite stylish as well. The bags' materials consist of fabric that offers waterproof protection of IPX6 level. To get more technical, it comprises commercial-grade 500D PVC. This helps the bag offer you long-lasting durability as well as superior performance.

● QUALITIES OF MALO'O WATERPROOF DUFFLE BAGS ●

The Malo'o duffle bags happen to be thermo-welded as well. That is why the bag is so resistant to harsher and colder climates. Now, the bags happen to be available in various sizes. You can pick the size that would be most suitable for your necessities. The **waterproof bags** come in the following sizes, 40L, 60L, as well as 100L sizes if you are going for a long trip that requires heavy artillery. You could practically pack weeks' worth of items for your trip with these bags. And if that was not enough, the bags also come with It a spacious front pocket that is water-resistant.

THANK YOU!
