# DR. A. S. SOIN

In the last few years, Cirrhosis has become a significant reason for liver damage. The different diseases can affect your liver and overall health. Even if a disease is not concerned with the organ, it can impact and make the liver non-functional. In many cases, the only way to save the patient becomes the transplantation option.

Dr. A. S. Soin is known as one of the most reputed and reliable hepatobiliary and liver transplant surgeons in India. Dr. AS Soin with over 22+ years of spanning in the field of liver transplant has performed 3700+ liver transplants, including 400 pediatric transplants with a 95% success rate.
