

# Jeep Meridian: A premium SUV for the Indian market

The Jeep Meridian is a premium SUV that was launched in India in May 2023. It is based on the Compass, but it is longer and wider, and it has a third row of seats. The Meridian is powered by a 2.0-litre diesel engine that produces 170hp and 350Nm of torque. It is available with a 6-speed manual or a 9-speed automatic transmission, and it can be had with either front-wheel drive or all-wheel drive.

The Meridian is a very well-equipped SUV, and it comes with a long list of features, including:

- A 10.25-inch digital instrument cluster
- A 10.1-inch touchscreen infotainment system with Android Auto and Apple CarPlay
- A panoramic sunroof
- A powered tailgate
- A 360-degree camera system
- A wireless charging pad
- A nine-speaker Alpine sound system
- A six-airbag safety system

The Jeep Meridian is also a very capable off-road vehicle, thanks to its Jeep DNA. It has a ground clearance of 205mm, and it comes with a Selec-Terrain system with four driving modes: Auto, Snow, Mud, and Sand.

The [Jeep Meridian](#) is a great choice for those who are looking for a premium SUV with a third row of seats. It is well-equipped, comfortable, and capable off-road. It is also backed by Jeep's legendary reputation for reliability.

Here are some of the pros and cons of the Jeep Meridian:

### **Pros:**

- Spacious and comfortable cabin
- Powerful and efficient diesel engine
- Capable off-roader
- Long list of features
- Jeep's legendary reputation for reliability

### **Cons:**

- No ADAS features
- Rear overhang is quite long
- Price is on the higher side

Overall, the Jeep Meridian is a great choice for those who are looking for a premium SUV with a third row of seats. It is well-equipped, comfortable, and capable off-road. It is also backed by Jeep's legendary reputation for reliability.
