

Event Umbrella Hire

Rent Event Umbrellas for a Stylish Shade Solution

www.instantmarqueesmelbourne.com.au

- Instant Marquees is proud to introduce our newest addition - **event umbrella hire**. We understand that planning an outdoor event can be stressful and unpredictable, which is why we have created a solution that brings convenience and reliability to your event planning process.
- Our umbrellas are not your average shade-providing equipment. Each one is engineer certified, guaranteeing their durability, safety, and ability to withstand extreme weather conditions.

- This means you can confidently organize your event without having to worry about potential issues with the shade provider.
- But what truly sets our event umbrellas apart from the rest? It's their versatility. Our umbrellas are suitable for any type of outdoor event, whether it's a corporate function, community festival, or even a backyard BBQ. We have pegged options for grassy areas and weighted versions for solid surfaces, making them easy to set up in any space.

Sun-Proof Your Event: Stylish Umbrellas for Every Gathering!

- We understand that every event has its own unique needs and requirements. That's why we offer a range of sizes and colors for our event umbrellas. Whether you need a small one for intimate gatherings or a larger one for bigger events, we've got you covered.

- But convenience is not the only thing we prioritise. We value the comfort of your guests just as much. That's why our umbrellas provide ample shade coverage to protect your patrons from the harsh sun rays while they enjoy the festivities.
- So next time you're planning an outdoor event, think Instant Marquees - where convenience meets reliability and comfort.

51-53 Capella Crescent, Moorabbin, VIC 3189
